

ORACLE
NetSuite

THE #1 MOST IMPLEMENTED CLOUD ERP SOLUTION

NETSUITE TECHNOLOGY THAT WORKS

NetSuite is a cloud-based, business management software that offers a wide range of benefits to businesses of all sizes. One of the key advantages of NetSuite is that it integrates multiple business functions, such as accounting, customer relationship management (CRM), and project management, into a single platform, which makes it easier to manage and streamline operations.

EQUIFY CLIENT TESTIMONIAL

"Equify's approach to financial transformation is the right blend of being a technical expert and a business-focused partner. Their experience, expertise and business mindset was invaluable to multiple successful projects. They were, and are, business partners in the truest sense of the word. I would, without pause, recommend Equify for any transformation project."

OUR IDEAL PARTNER

At Equify, we believe that a successful partnership with our clients is built on shared values and common goals. We look for clients who value collaboration, innovation, and growth. Our ideal business partner typically falls into one or more of the segments below.

Outgrowing Existing Systems

As your business grows, **your ERP system needs to keep up** with your changing needs. NetSuite is highly customizable and can be tailored to your specific business processes and workflows.

Need For Post M&A Consolidation

Implementing an agile ERP system is crucial if your growth **strategy involves acquiring other companies**. NetSuite enables you to consolidate and automate core accounting and operations functions seamlessly across all business units.

Achieving Compliance

Whether it's adhering to **external standards** like GAAP, IFRS, or ASC 606, or ensuring **internal compliance** with separation of duties, security, or approval processes, let's utilize technology to provide you with peace of mind.

Service or Project-Based Businesses

Equify specializes in service businesses and has extensive expertise in implementing best-practice solutions for **project-driven** accounting and operations models.

The Equify Advantage

Equify Advisors was founded with a mission to help mid-sized companies add quantifiable value through finance, IT, and business transformation. Our team brings together a wealth of experience in finance and IT consulting, combining the best of both worlds to deliver large consulting firm experience with the agility and competitive pricing of a small company.

Proven Track Record

Our team has helped numerous companies streamline their operations, increase efficiency, and drive growth through the power of NetSuite.

Competitive Cost

We run lean and efficiently without any physical office footprint thanks to NetSuite. Minimal overhead keeps our prices low while delivering high quality, tailored solutions for our clients.

NetSuite Alliance Partner

As a NetSuite Alliance Partner, Equify Advisors is able to provide our clients with premium support. Our team of NetSuite experts has undergone rigorous training and certification, ensuring that we have the knowledge and expertise to deliver best-in-class solutions and services.

Industry Expertise

Equify Advisors has deep experience across multiple industries and verticals. Our team of experts develop solutions that enable our clients to customize the solution with industry specific functionality, or if needed, to integrate with hyperspecific industry applications.
